

How to wear

How to put on (*and not to put on*) our bangle bracelet

The gap between end caps is close, about 1", but the bracelet will easily go on if you follow these instructions.

Please, **don't try** to put the bracelet on here.

1 . Down below your hand, there is a soft spot where your wrist is most forgiving.

2. Then slide the bangle from under your wrist.

3. You can take it off the same way. No need to pull the bangle apart.

If you have any questions about determining your size, our Customer Care Specialists will be glad to assist you. Please call or email us today:
